<b>Comments</b>	<p>Your team canvas shows a good initial team alignment. You might want to revisit the team canvas at some point since Johannes dropped out of the team and adapt to the new team situation.</p> <p>You have started really well on the challenge delivering well-thought and researched outputs. The page is well structured and you have included good quality references. I would link from the Research page to the Stakeholder page since the Interviews are relevant research information. You have transcribed the interviews. I am missing a compilation of the information that you are drawing from the interviews.</p> <p>All team members have access to the GitHub Repository, and you have started to use GitHub issues. Please comment on issues and close them if the work is done.</p> <p>Great job and keep up the good work!</p>
